

The Promise Goblin

The Promise Goblin's antagonist is a descendant of The Krampus: a hairy, pointy-tongued, cloven-hooved, beast-like creature from the folklore of Alpine countries; a nightmare-made-flesh who punishes bad children during the Yule season. He works in the 'Promises' section of The Naughty List and, when he finds out that Santa has delivered presents to naughty and nice children, he hunts down the badly behaved children... as there "need to be consequences".
