

## My Love Is Right Here

Jingle bells and mistletoe  
Got me thinkin bout some folks that I know  
Life is hard when you're on your own

An empty house is not a home  
And I'm thankful for each and every one that I love

Family's hanging out doing Christmas right  
They've got the fire burning warm and bright  
I'm tryin to make it home I'll be there soon

An empty house is not a home  
And I'm thankful for each and every one that I love

Merry Christmas baby  
Merry merry Christmas baby, my dear  
I might be late for dinner  
But I aint gonna miss it  
I'll be home for Christmas baby  
You know my love is right here  
You know my love is right here  
You know my love is right here  
You know my love is right here  
You know my love is right here

An empty house is not a home  
And I'm thankful for each and every one that I love  
Merry Christmas baby  
Merry merry Christmas baby, my dear  
I might be late for dinner  
I aint gonna miss it  
I'll be home for Christmas baby  
You know my love is right here  
You know my love is right here  
You know my love is right here  
You know my love is right here
